

✦ **Scrivi le due moltiplicazioni possibili per ogni schieramento.**

$$\dots \times \dots = \dots$$

$$\dots \times \dots = \dots$$

$$\dots \times \dots = \dots$$

$$\dots \times \dots = \dots$$

$$\dots \times \dots = \dots$$

$$\dots \times \dots = \dots$$

$$\dots \times \dots = \dots$$

$$\dots \times \dots = \dots$$

$$\dots \times \dots = \dots$$

$$\dots \times \dots = \dots$$

$$\dots \times \dots = \dots$$

$$\dots \times \dots = \dots$$

✦ **Costruisci uno schieramento per ogni moltiplicazione.**

$$3 \times 6 = \dots$$

$$5 \times 5 = \dots$$

$$6 \times 2 = \dots$$
